MoveMetrics Full Edition Crack + Full Product Key Free Download

Top 100 web sites and Web Analytics companies use MoveMetrics to get actionable insights about your visitors and track effectiveness of your web marketing. MoveMetrics offers detailed analytics and customer behavior tracking for web users and

site visitors. We offer free registration and limited features which can be upgraded to full version at any time. Get insights into your site and improve your marketing strategies based on real insights. Features: ⬜ We have more than 1000 features and you can add new ones as we expand. ⬜ The maps are the key features to tell you more than thousands of statistics. ⬜ Choose a time range of

hours, days, weeks or months. ⬚ Filter on the source (Page from Google Search, Page from Facebook) and referrer (search engine) to see the visitors that came from the chosen source. ⬚ Filter by a customer type (user, company, product, keyword, geography) or the industry type. ⬚ Gather data from the traffic log file and in real-time. ⬚ Export the results to CSV or Excel.

Analyze your web site according to a multitude of parameters and sort by any of them. Add a keyword and you can include in your analysis the traffic from a specific search term. Create a customer group and define features to see the traffic per page, user, referrer, industry, etc. Track your campaigns and find out what's working and what isn't. Show the conversion rates for

different types of customers. ⬜ Optimize your AdWords and Adsense campaigns based on the conversion data. ⬜ Compare results over different periods of time and easily zoom into the important detail. ⬜ See where in your site you have the highest and lowest conversion rate. ⬜ See where your products are most of the time, and how they perform in comparison. ⬜ Find out how

many visitors came to your download pages and how they perform. ⬜ See if there is a strong visitor relationship between the product you sell and the other products in your web site. ⬜ Analyze and optimize your Facebook campaign with a simple click. Limitations: ⬜ Only one e-mail address per user. ⬜ You cannot add pages to the map. ⬜ You cannot export the results

MoveMetrics Full Edition is a web analytics software for path and visitor analysis. This is the complete package of MoveMetrics. Each of the features from MoveMetrics is included in this package, all you need is a license key, which is easy to obtain.
